Marks and Wounds

The diagrams show a human figure from the front and back. On the anterior view, there are red circles on the right ankle and left palm, and a green triangle on the right shoulder. On the posterior view, there is a red circle on the occipital region of the skull, a green triangle on the right shoulder, and a green triangle on the right ankle. Lines connect these markers to their descriptions in the text.

- Posterior skull (occipital region): single depressed fracture, 6.5cm laceration, consistent with blunt force trauma. Fatal injury.
- Minor Abrasions: both shins and left palm, consistent with fall to the ground.
- Tattoo (right ankle, inner): '31/10/94'
- Tattoo (back right shoulder): Raven motif
- No defensive wounds notes on upper limbs.

Probable Cause of Death

*Blunt force trauma to the skull*
