

KEEPING KILBRIDE SAFE

6th October 1996

Dear friends and members of KKS,

A few little things to be aware of as we move into October. On Halloween night we urge those of you who wish to welcome trick and treaters to place a candle or pumpkin outside your door, We will be working with Kilbride Elementary to inform children that banging on houses that may have families with young babies, older residents, or just individuals who are easily frightened is not something we want to encourage in Kilbride.

Additionally, with the darker evenings drawing in, we've had several reports of sheds and houses being interfered with in the area. Please keep doors locked and valuables out of sight. Again this is particularly important around Halloween itself, where many people are planning on attending the Kilbride Bonfire Festival, or travelling to visit family in neighbouring villages.

If you notice any unusual activity after hours, do not hesitate to contact the Gardai. Myself and other members of KKS will continue to rotate on our evening patrols in order discourage antisocial behaviour and ensure every one in our lovely town feels safe at all times.

Yours sincerely,

L. Greene
